

RESIDENT SUMMER GRAND ROUNDS

Tuesdays, 8:00-9:00am via Zoom

Tuesday, July 26, 2022

Title: Mortality Reduction in COPD

Presenter: Smriti Singh

Objectives:

Briefly review COPD

• Risk factors for increased mortality in COPD

- Review of non-pharmacologic treatments with mortality benefit
- Review of pharmacologic treatments with mortality benefit

Title: Monoclonal Gammopathies of Unknown

Significance

Presenter: Edward Koo

Objectives:

- Understand the definition of monoclonal gammopathy of unknown significance and its relation to other types of plasma cell dyscrasias
- Identify signs and symptoms non malignant diseases that can be associated with monoclonal gammopathy
- Understand the indications for basic vs. extended initial evaluation and follow-up of MGUS
- Understand the potential patient-centred and systemic harms of MGUS diagnosis

Complete attendance and evaluation online at: http://surveys.novascotia.ca/DoMGrandRounds

Grand Rounds are a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada
