

# GRAND ROUNDS

Tuesdays, 0800-0900

Via Zoom

**May 11, 2021**

**8:00-9:00**

**Title:** The Many Faces of Myopathy

**Presenter:** Dr. Chester V. Oddis

(Woodbury Lecture - Division of Rheumatology)

**Objectives:**

- Discuss selected causes of muscle weakness relevant to the internist
- Recognize drug-induced myopathic syndromes
- Understand and recognize the systemic features of inflammatory myopathy beyond myositis

**Evaluation:**

Complete evaluation on line  
<http://surveys.novascotia.ca/DoMGrandRounds>

Grand Rounds are a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada

## THE J.F.L. WOODBURY LECTURE IN RHEUMATOLOGY

8:00 a.m., Tuesday, May 11, 2021

### Dr. J.F.L. Woodbury

Dr. Jack Woodbury was born in London, England in 1918, although his family roots in Nova Scotia date back to 1750. He received his MD, CM degree from Dalhousie University in 1943 and acquired postgraduate training in Internal Medicine at the Halifax Military Hospital while holding the rank of Captain in the Canadian Army (RCAMC). Dr. Woodbury then spent five years in general practice in Halifax before going to Toronto to train in Rheumatology at Toronto General Hospital and Sunnybrook Hospital. He became a Fellow of the Royal College of Physicians and Surgeons of Canada in 1952.

He was appointed as clinical assistant at the Victoria General Hospital, Halifax in 1945 and joined the Faculty of Dalhousie University as a Lecturer in Medicine in 1950. By 1969, he had become a full Professor in the Faculty of Medicine and was appointed as the

first Director of the Dalhousie University Rheumatic Disease Unit. Over the next 20 years, Dr. Woodbury was a pioneer in the care of patients with rheumatic diseases in Nova Scotia and was largely responsible for establishing Rheumatology as a recognized subspecialty in Eastern Canada. He also became a prominent teacher and researcher in Canadian Rheumatology.

Dr. Woodbury was a past President of the Canadian Rheumatism Association and was the founding President of the Society of Atlantic Rheumatologists. In 1994 he was appointed Professor Emeritus in the Faculty of Medicine, Dalhousie University.

Dr. Woodbury died in 2005, but his legacy of establishing a rheumatic disease unit, now called The Arthritis Centre of Nova Scotia, continues his work of patient centred care and research.

## Dr. Chester Oddis

### THE JFL WOODBURY LECTURE IN RHEUMATOLOGY

### “The Many Faces of Myopathy”

**Dr. Chester Oddis**

May 11, 2021  
Halifax, Nova Scotia

## About the Speaker

Dr. Oddis has devoted his career to the investigation and treatment of inflammatory myopathy with an emphasis on epidemiology, clinical features, autoantibody associations, pathogenesis, and treatment. He has supervised and managed a clinically- and serologically-defined, longitudinal myositis registry of nearly 2,000 patients, developing a web-based Myositis Data Management System, which enables investigators to link disease activity and damage measures with clinical, laboratory and serologic data over time. Dr. Oddis was the Principal Investigator on the RIM (Rituximab in Myositis) Trial, the first multicenter clinical trial in myositis funded by the National Institutes of Health and the largest clinical trial ever completed in adult and pediatric myositis. He authored the Consensus Guidelines for the Conduct of Clinical Trials in Myositis with several colleagues. Over the years, he has served on a number of multidisciplinary panels that have formulated guidelines in the assessment and management of both myositis and autoimmune ILD. He received the Clinician Scholar Educator Award from the ACR, chaired the ACR Annual Meeting Planning Committee from 2012-2014 and was selected as an ACR Master in 2019.

## THE JFL WOODBURY LECTURE IN RHEUMATOLOGY

This is the thirtieth of an annual series established in honour of Dr. JFL Woodbury on the occasion of his retirement from the Division of Rheumatology, Department of Medicine in June 1989.

In recognition of Dr. Woodbury's contribution to teaching, research and clinical care in Rheumatology his many colleagues, patients and friends have established this lectureship to bring outstanding individuals in the field of rheumatology to Dalhousie University.

### JFL Woodbury Lecturers:

1991 - Dr. Robert D. Inman  
1992 - Dr. John M. Esdaile  
1993 - Dr. Michael D. Lockshin  
1994 - Dr. Ronald M. Laxer  
1995 - Dr. Matthew H. Liang  
1996 - Dr. Donald L. Resnick  
1997 - Dr. Henri A. Ménard  
1998 - Dr. Esther M. Sternberg  
1999 - Dr. Murray B. Urowitz  
2000 - Dr. Michael E. Weinblatt  
2001 - Dr. Gary S. Hoffman  
2002 - Dr. J. Lee Nelson  
2003 - Dr. Thomas A. Einhorn  
2004 - Dr. David A. Isenberg  
2005 - Dr. James R. Seibold  
2006 - Dr. Iain B. McInnes  
2007 - Dr. Gillian A. Hawker  
2008 - Dr. Cornelia M. Weyand  
2009 - Dr. Bevra H. Hahn  
2010 - Dr. John Stone  
2011 - Dr. Susan Manzi  
2012 - Dr. Hani El-Gabalawy  
2013 - Dr. Janet Pope  
2014 - Dr. Christopher Ritchlin  
2015 - Dr. Leonard Calabrese  
2016 - Dr. James O'Dell  
2017 - Dr. Troy Torgerson  
2018 - Dr. Ian Bruce  
2019 - Dr. Allan Steere
