

GRAND ROUNDS

Tuesdays, 0800-0900

Via Zoom

May 12, 2020

8:00-8:30: COVID Update for DoM Members, Led by Christine Short

8:30-9:00 Title: What's in the Air with COVID-19?

Presenter: Lynn Johnston

(Division of Infectious Disease)

Objectives:

- Be able to explain the difference between small and large aerosols
- Discuss how droplet, contact, and airborne transmission occur
- Discuss the concept of aerosol generating medical procedures

Evaluation:

- Complete evaluation on line at <https://survey.nshealth.ca/DoMGrandRounds>
