

# GRAND ROUNDS

Tuesdays, 0800-0900

Via Zoom

**November 17, 2020**

**8:00-9:00**

**Title:** The novel concept of progressive fibrotic interstitial lung disease – common pathways and treatment strategies

**Presenter:** Martin Kolb, MD, PhD, Director, Division of Respirology, Pathology & Molecular Medicine; St. Joseph's Healthcare, Firestone Institute for Respiratory Health (Division of Respirology)

**Objectives:**

- Learn about the complexity of interstitial lung disease, especially ILD with progressive phenotype
- Understand the importance of establishing a correct clinical diagnosis
- Novel therapies for lung fibrosis other than IPF (e.g. scleroderma lung, RA related lung disease and others)

**Evaluation:**

- Complete evaluation on line at <https://survey.nshealth.ca/DoMGrandRounds>

Grand Rounds are a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada
