

THE
JFL WOODBURY LECTURE
IN RHEUMATOLOGY

**“Improving Long-term
Outcomes in Systemic
Lupus Erythematosus”**

Dr. Ian Bruce

MAY 8, 2018
HALIFAX, NOVA SCOTIA

THE JFL WOODBURY LECTURE
IN RHEUMATOLOGY

This is the twenty sixth of an annual series established in honour of Dr. JFL Woodbury on the occasion of his retirement from the Division of Rheumatology, Department of Medicine in June 1989.

In recognition of Dr. Woodbury's contribution to teaching, research and clinical care in Rheumatology his many colleagues, patients and friends have established this lectureship to bring outstanding individuals in the field of Rheumatology to Dalhousie University.

The organizing committee gratefully acknowledges the assistance and support of the Nova Scotia Division of the Arthritis Society.

Individuals wishing to make a tax-deductible contribution to the JFL Woodbury Lectureship fund may do so through the Queen Elizabeth II Foundation.

JFL Woodbury Lecturers:

1991 - Dr. Robert D. Inman	2010 - Dr. John Stone
1992 - Dr. John M. Esdaile	2011 - Dr. Susan Manzi
1993 - Dr. Michael D. Lockshin	2012 - Dr. Hani El-Gabalawy
1994 - Dr. Ronald M. Laxer	2013 - Dr. Janet Pope
1995 - Dr. Matthew H. Liang	2014 - Dr. Christopher Ritchlin
1996 - Dr. Donald L. Resnick	2015 - Dr. Leonard Calabrese
1997 - Dr. Henri A. Ménard	2016 - Dr. James O'Dell
1998 - Dr. Esther M. Sternberg	2017 - Dr. Troy Torgerson
1999 - Dr. Murray B. Urowitz	
2000 - Dr. Michael E. Weinblatt	
2001 - Dr. Gary S. Hoffman	
2002 - Dr. J. Lee Nelson	
2003 - Dr. Thomas A. Einhorn	
2004 - Dr. David A. Isenberg	
2005 - Dr. James R. Seibold	
2006 - Dr. Iain B. McInnes	
2007 - Dr. Gillian A. Hawker	
2008 - Dr. Cornelia M. Weyand	
2009 - Dr. Bevra H. Hahn	

THE
J.F.L. WOODBURY
LECTURE
IN
RHEUMATOLOGY

8:00 am, Tuesday, May 8, 2018

**Royal Bank Theatre, Halifax Infirmary Site
Queen Elizabeth II Health Sciences Centre
Halifax, Nova Scotia**

Dr. J.F.L. Woodbury

Dr. Jack Woodbury was born in London, England in 1918, although his family roots in Nova Scotia date back to 1750. He received his MD, CM degree from Dalhousie University in 1943 and acquired postgraduate training in Internal Medicine at the Halifax Military Hospital while holding the rank of Captain in the Canadian Army (RCAMC). Dr. Woodbury then spent five years in general practice in Halifax before going to Toronto to train in Rheumatology at Toronto General Hospital and Sunnybrook Hospital. He became a Fellow of the Royal College of Physicians and Surgeons of Canada in 1952.

He was appointed as clinical assistant at the Victoria General Hospital, Halifax in 1945 and joined the Faculty of Dalhousie University as a Lecturer in Medicine in 1950. By 1969, he had become a full Professor in the Faculty of Medicine and was appointed as the first Director of the Dalhousie University Rheumatic Disease Unit. Over the next 20 years, Dr. Woodbury was a pioneer in the care of patients with rheumatic diseases in Nova Scotia and was largely responsible for establishing Rheumatology as a recognized subspecialty in Eastern Canada. He also became a prominent teacher and researcher in Canadian Rheumatology.

Dr. Woodbury was a past President of the Canadian Rheumatism Association and was the founding President of the Society of Atlantic Rheumatologists. In 1994 he was appointed Professor Emeritus in the Faculty of Medicine, Dalhousie University.

Dr. Woodbury died in 2005, but his legacy of establishing a rheumatic disease unit, now called The Arthritis Centre of Nova Scotia, continues his work of patient centred care and research.

Dr. Ian Bruce

About the Speaker

Ian N. Bruce, MD, FRCP, is an NIHR Senior Investigator and Professor of Rheumatology at the Centre for Musculoskeletal Research, Institute of Inflammation and Repair of the University of Manchester in Manchester, United Kingdom. He is also an Honorary Consultant at the Kellgren Centre for Rheumatology of Central Manchester and Manchester Children's University Hospitals Trust and Director of the NIHR Manchester Biomedical Research Centre.

Prof. Bruce qualified from Queen's University Belfast in 1988 and obtained his membership in the Royal College of Physicians in 1991. He completed his MD on systemic vasculitis in 1995. From 1996 through 1998, he was a lupus fellow at the University of Toronto in Canada, with Professors Murray Urowitz and Dafna Gladman.

Prof Bruce has published more than 150 articles in the field of systemic lupus erythematosus (SLE) and rheumatoid arthritis. His unit has received Centre of Excellence status by Lupus UK for his lupus and connective tissue disease service. Prof Bruce's major research focus is on the long-term outcomes in patients with SLE including premature atherosclerosis/coronary heart disease. He is Chief Investigator in the UK Medical Research Council funded Maximizing SLE Therapeutic Potential by Application of Novel and Stratified approaches (MASTERPLANS) Consortium studying stratified medicine in SLE. He also leads the PRE-clinical EVALuation of Novel Targets in RA (PREVeNT RA) study which is seeking to better understand risk factors for the future development of rheumatoid arthritis so that we can eventually prevent this condition developing in the first place.
