

QUALITY OF CARE REPORTS

September 2019 - January 2021 Schedule

Quality of Care Reports, given at the monthly Department Meetings, should be approximately ten minutes in length, including time for questions. These reports are a necessary part of the NSHA accreditation process and a copy must be kept on file in the DoM Administrative Office. Please forward an electronic copy of the report to Janet Hartnett at janet.hartnett@nshealth.ca two days prior to the presentation date so it can be loaded onto the departmental laptop (*note: if the presentation is not Microsoft Office 2007 compatible, the presenter must provide his/her own laptop*). Please contact Janet (473-2379) if you have questions.

Please note that, with one report per month, it is not feasible for a presentation to be cancelled. If unable to present on the date assigned, the presenting Division is responsible to find another Division with which to switch dates. Please inform Janet Hartnett of any changes in the schedule.

The report will be posted to the DoM Quality Care Report Folder on the departmental shared computer drive. If there is any reason the report should not be posted, please inform the DoM Administrative Office. Thank you.

MEETING DATE:

DIVISION PRESENTING:

September 18, 2019 **

Hematology

October 9, 2019

Medical Oncology

November 13, 2019

Endocrinology & Metabolism
