

Anatomical Pathologist - Nova Scotia Health Authority and Dalhousie University

Posting Date:

Date to Apply By: April 1, 2023

Estimated Start Date: To be Determined

Address: Department of Pathology, QEII Health Sciences Centre, Rm. 702B, Mackenzie Bldg., 5788 University Ave

City: Halifax

ANATOMICAL PATHOLOGIST / GENERAL PATHOLOGIST

CENTRAL ZONE, NOVA SCOTIA HEALTH AUTHORITY AND DALHOUSIE UNIVERSITY
HALIFAX, NOVA SCOTIA, CANADA

The Department of Pathology at Dalhousie University in Halifax seeks to recruit an academic Anatomical Pathologist.

This position is for a Pathologist with general anatomical pathology skills, to assist with surgical pathology sign-out in several areas; gastrointestinal and gynecological pathology are areas of significant need. The ability to participate in cytopathology is advantageous. The candidate would be expected to participate in resident training for AP and GP residents, frozen section duty and the autopsy rota (average 1 day/month). Depending on the candidate's interest and the availability of work, a portion of their time could also be assigned to another division of the Department. Subspecialty training is not necessary.

The successful applicant will join 27 other members of staff in the Division of Anatomical Pathology at the Queen Elizabeth II Health Sciences Centre (QEII HSC).

The QEII HSC, part of the Central Zone of the Nova Scotia Health Authority, is a large tertiary health care institution affiliated with Dalhousie University. It provides a broad range of medical care to patients in the Maritime Provinces and beyond. The Division handles around 50,000 surgical pathology cases, including consultation cases, 40,000 gynecological cytopathology cases, and 9,000 non-gynecological cytopathology cases; and has access to electron microscopy, immunofluorescence and a molecular pathology laboratory.

The position involves clinical service, as well as a commitment to medical education and research. Canadian certification in Anatomical Pathology or General Pathology is a requirement. The successful candidate will be eligible for a faculty position at Dalhousie University commensurate with their experience and qualifications.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. Dalhousie University is committed to fostering a collegial culture grounded in diversity and inclusiveness. The university encourages applications from Indigenous persons, persons with a disability, racially visible persons, women, persons of a minority sexual orientation and/or gender identity, and all candidates who would contribute to the diversity of our community. For more information, please visit <https://www.dal.ca/hiringfordiversity>.

Interested persons should submit an application, including a letter of interest, curriculum vitae, and three reference letters by April 1st, 2023 to: Service Chief and Division Head, Anatomical Pathology Dr Martin Bullock c/o Kelly Watson, Department of Pathology, QEII Health Sciences Centre, Rm. 702B, Mackenzie Bldg., 5788 University Ave., Halifax, N.S., B3H 1V8, Canada.
