ONE45 APP

Have you downloaded the One45 App? Don't wait! The app is available as a free download from the Apple iOS and Google Play stores.

Complete evaluations from anywhere, 'in the moment', initiate or complete self-send forms. With this app you don't have to log in each time, you only have to re-enter your credentials if you haven't used the app for 2 weeks.

Once downloaded, choose Dalhousie University as your institution and enter your log-in information (as pictured to the right).

Once logged in you will see two options: forms to send and forms to complete.

Self-send (EPA forms, narrative feedback and procedure form) will be listed under "Forms To Send". Use this to initiate one of these assessments. Evaluations for you to complete will be listed under "Forms To Complete". Then the process is the same as the One45 website.

New Feature: The app now allows you to provide feedback about your One45 experience. This feature is available under the "Leave Feedback" menu on the "Me" tab.
