

**CH&E Analytical Support Program
Department of Surgery Research Stipend**

2026-2027

Each Division in the Department of Surgery will have a total of \$7,200.00 earmarked to offset the costs of this Research Support Program each fiscal year

PROCESS to Procure these funds:

Potential Participants must follow these guidelines to request and receive this funding. The guidelines include:

1. PI reaches out to Research Office (Elaine Kosziwka or Dr. Michael Bezuhly) and their Divisional Research Director prior to obtaining quote from CH&E.
2. Divisional Research Director provides go-ahead for work and both RO and DRD track remaining amount in Divisional allotment.
3. Invoicing will be directly paid to CH&E upon completion of the project up to \$7,200.00/year/Division.
4. All members may directly contact CH&E without following steps 1 and 2 above but then will not be eligible to access the \$7,200.00 divisional funds.

Intake Form from CH&E
