

PREP

Professional & Research Education Program

Careers Outside Academia

***Wondering where you'll work after graduating with a
Masters or PhD?***

PREP is pleased to introduce ***Careers Outside Academia***, an information series on various sectors of industry, to highlight possible careers for Masters and PhD graduates.

Becoming an Entrepreneur
With Hamed Hanafi
Wednesday 13 May @ 11am

Adjunct Assistant Professor at Dalhousie University and founder of Halifax-based start-up NovaResp Technologies, Hamed Hanafi will discuss becoming an entrepreneur and working with industry partners.

Hamed has a PhD in Biomedical Engineering with training in entrepreneurship and commercialization of medical devices. He is currently involved in development and commercialization of medical devices.

Session will be held online. **Registration is mandatory**, e-mail prep@dal.ca

If you have suggestions about industries you would like to learn more about, please contact prep@dal.ca
