For **PSYO/NESC 2470.03 (Systems Neuroscience)**, the Teaching Assistant will assist in preparation of online exams and quizzes (delivered on the course learning management system) as well as management of assessments and grades on Brightspace. However, these roles typically require periods of high-intensity work at specific points in the semester (e.g., grading duties and student questions around assessment deadlines). These high-intensity weeks often overlap across courses.

The successful applicant will be responsible for ensuring they can complete all duties accurately and in a timely manner and must realistically assess their capacity before accepting the position.
