5. **Audiology**
6. **Occupational Therapy**
7. **Law**

And much more!!

Major in Psychology

Undergraduate degree available as a Bachelor of Arts (BA) or as a Bachelor of Science (BSc)

You'll gain a broad appreciation of psychology from experimental design and statistical analysis to brain function, language development, learning mechanisms and cognitive processing, as well as psychopathology and treatment, personality and the history of psychology.

If you've ever wondered why we do the things we do--how people think, behave and interact with others--then you've wondered about the things we study in psychology.

Undergraduate Programs

Bachelor of Science (BSc)
Bachelor of Arts (BA)
Honours in Psychology (BA or BSc + 4th-yr research project)

Graduate Programs

Master of Science (MSc) in Experimental Psychology

Certificate in Animal Behaviour
Certificate in Neurotechnology
Certificate in Leadership and Science Communication

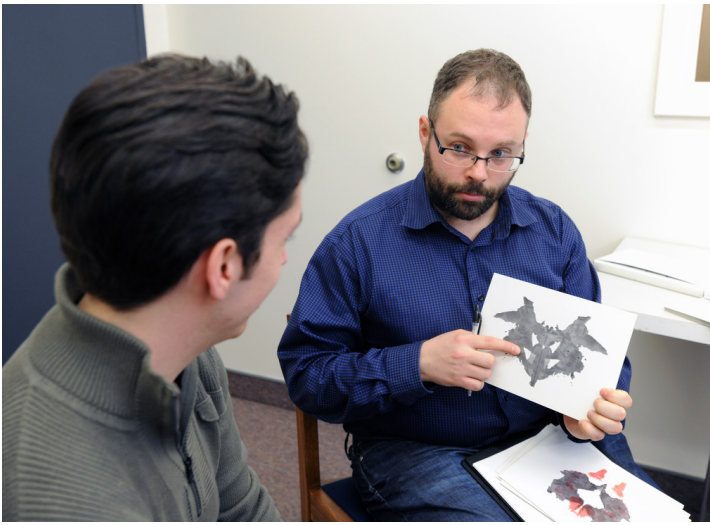

**DALHOUSIE
UNIVERSITY**
Faculty of Science

Psychology Degree

(BA or BSc)

“This degree not only provided me with insight into why we, as humans, behave the way we do, but it also taught me many invaluable academic skills.”

- Maggie MacLellan (BSc Psychology '15)
