

APPLICATION FORM for Summer 2022 [revised 15-Nov-2021]**Faculty of Science Undergraduate Summer Research Awards**

USRA – TSUI - JOY M CUNNINGHAM - FAYE SOBEY - WARR - LAING - WITHERSPOON – ROB STEWART -
Faculty of Science

This form is to be used by students enrolled in a Faculty of Science program who are applying to work with a supervisor whose home department is in the Faculty of Science or the Faculty of Medicine.

Completed form and transcripts go to the Coordinator in your Supervisor's Department

Deadline is set by the Departmental Coordinator: Contact the Coordinator for date.

Part 1: To be completed by student

Student name _____ Canadian citizen/permanent resident*

BANNER number _____ Born in Nova Scotia

E-mail _____ Indigenous

Credit hours completed (as of May 2022) _____ Of African descent

Current Major(s): _____ Intend to graduate in May**

Previous summer research award(s)***

Award _____ Supervisor _____ Year _____

Award _____ Supervisor _____ Year _____

Provide academic transcripts from all universities attended (Dal BANNER printouts and photocopies of transcripts from other universities are acceptable). Full year courses for which no fall grades is available will not be included in the GPA calculation.

* International students are encouraged to apply for a summer research award. While not eligible for USRA (NSERC), they are considered for all other awards.

** Complete **Appendix A** in addition to this form if you have applied to graduate this May

*** Maximum 3 awards per student. May not work with the same supervisor more than 2 summers

Student Eligibility (see Guidelines for full list of eligibility criteria)

- Enrolled in a Science program
- Completed at least 52 credit hours of courses by May
- May have no more than one PASS grade for a credit-bearing course during Winter/Summer 2020 and one PASS grade during Fall/Winter 2020/21
- Available to work fulltime for 16 weeks this summer (May – August)

Use this form if you are enrolled as an undergraduate in one of the programs listed below and if your proposed supervisor's home department is also listed. Your contact is in your supervisor's home department.

Eligible student programs

Actuarial Science
 Biochemistry & Molecular Biology
 Biology
 Chemistry
 Earth Sciences
 Economics
 Environmental Science
 Marine Biology
 Mathematics
 Medical Sciences
 Microbiology & Immunology
 Neuroscience
 Ocean Sciences
 Physics
 Psychology
 Statistics

Eligible supervisor departments

Biology
 Chemistry
 Earth & Environmental Sciences
 Economics
 Mathematics & Statistics
 Oceanography
 Physics & Atmospheric Science

 Biochemistry & Molecular Biology

 Medical Neuroscience
 Microbiology & Immunology

 Pathology
 Pharmacology
 Physiology & Biophysics

Part 2: To be completed by potential summer research supervisor

Please complete the following if you are willing to have the above student work under your supervision this summer should they receive a summer research award. **Minimum required supervisor contribution for Summer 2022 is \$3000.**

Supervisor name: _____ Department _____

Supervisor e-mail: _____

1. Context in which you know the student: _____

2. Project funding (supervisor contribution to student stipend and research costs)

NSERC funding Yes ___ No ___ NSERC grant type _____

SSHRC funding Yes ___ No ___ SSHRC grant type _____

CIHR funding Yes ___ No ___

Other research funding (specify granting agency) _____

3. Proposed summer project (to be completed by prospective supervisor)

Project title _____

Project description (100 – 200 words)

Type your project summary here

Please check all that apply. The research project will have

A focus on sustainability

A focus on marine biology or oceans

A field component

A focus on marine conservation

A social science focus

APPENDIX A

Faculty of Science Undergraduate Summer Research Awards

Complete this page ONLY if you plan to graduate this May

Part A1: To be completed by student

Graduating students are eligible to compete for undergraduate summer research awards if they intend to begin a thesis-based graduate program in fall.

Student name _____

Describe your plans* for graduate school next year

School(s)/department _____

Graduate supervisor name _____

Application status _____

Additional information (attach letter if you like)

*You don't have to be accepted into a graduate program by the time you submit this application, but you should have applied.

Part A2: To be completed by potential summer research supervisor

Supervisor name _____

Low

High

1. Likelihood of student pursuing a research career
2. Overall research ability/potential of student

Comments (send letter to departmental coordinator)

Please comment briefly on the above rankings. Explain how this summer's research will benefit the student (e.g., student will expand on or publish honours research). Indicate where (school, department, supervisor) the student plans to begin graduate studies.

Completed form and supervisor letter go to Departmental Coordinator.
