

# Environmental Science Internship Syllabus

## Department of Earth and Environmental Sciences

ENVS 3000 Winter 2026

*Dalhousie University operates in the unceded territories of the Mi'kmaw, Wolastoqey, and Peskotomuhkati Peoples. These sovereign nations hold inherent rights as the original peoples of these lands, and we each carry collective obligations under the Peace and Friendship Treaties. Section 35 of the Constitution Act, 1982, recognizes and affirms Aboriginal and Treaty rights in Canada.*

*We recognize that African Nova Scotians are a distinct people whose histories, legacies, and contributions have enriched the part of Mi'kma'ki known as Nova Scotia for over 400 years.*

### Course Instructor

Name	Email	Student hours
Dr. Caroline Franklin (she/her)	Caroline.Franklin@dal.ca	Please email to schedule an appointment

### Course Description

This course allows students to gain hands-on experience while addressing a question of personal and academic interest relevant to the field of environmental science by working as interns for 8 hours a week over a twelve-week period on a specific project at a sponsoring agency.

#### Course Prerequisites

Must have completed 54 credit hours with a minimum GPA of 3.0, or permission of instructor. Open only to students majoring or minoring in Environmental Science.

### Course Structure

#### Course Delivery

Students volunteer as interns for 12 weeks (a minimum of six hours each week) on a specific project at a host organization, department, or agency. The nature of the internship (online, in-person, or hybrid) is determined in consultation with the host organization and the coordinator of the Environmental Science Internship program. The internship is guided and evaluated by a supervisor at the host organization and the course instructor at Dalhousie University. Each student will be asked to reflect on their internship and submit a final project at the end of the term. The times of the internship are very flexible and finalized with the placement supervisor.

## Course Materials

Please refer to the course Brightspace site for course materials and grades. The site will also be used to upload assignments or other documents.

## Learning Objectives

- To gain experience in the field of environmental science in a supervised learning context
- To work on a specific project related to the field of environmental science
- To reflect on practice
- To develop communication and leadership skills by interacting with a professional

## Assessment

Component	Weight (% of final grade)	Date
Internship participation/performance	50%	Throughout term
Reflective journal entries	25%	Weekly
Final project	25%	Last week of internship

Conversion of numerical grades to final letter grades follows the [Dalhousie Grade Scale](#)

A+ (90-100)	B+ (77-79)	C+ (65-69)	D (50-54)
A (85-89)	B (73-76)	C (60-64)	F (0-49)
A- (80-84)	B- (70-72)	C- (55-59)	

## Course Policies on Missed or Late Academic Requirements

Late assignments are deducted 10%/day (including weekends) up to a maximum of seven days, after which a grade of zero will be assigned.

A student must be present (virtually or in person) at the internship workplace at a minimum of once every two weeks. If a student misses two or more scheduled workdays they will be asked to withdraw from the course or will automatically be given an F on their transcript. A student may work as an intern for this class in either a paid or voluntary capacity.

## Course Policies related to Academic Integrity

Students are expected to complete assessments independently.

## Course Content

### Procedures Before the Internship

- Initial Contact
  - The student must contact the Environmental Science Internship Coordinator with their interest in enrolling in ENVS 3000.03 at least 4 weeks before the term in which they wish to commence a placement
  - The student and Environmental Science Internship Coordinator will then meet (in person or remotely) to determine the student's eligibility for the course and internship interests
- Determination of Placement
  - In the case where a student has an internship placement in mind, the Environmental Science Internship Coordinator will review the potential placement with the student to determine the appropriateness of the placement
  - In the case where a student does not have a specific internship placement in mind, the Environmental Science Internship Coordinator will put the student in touch with a potential sponsoring agency based on their interests
- Establishing Details of Internship
  - The student works with the potential sponsoring agency and the Environmental Science Internship Coordinator to determine (a) the nature of the internship, and (b) the most appropriate supervisor at the agency
  - The student takes the responsibility for completing and getting the appropriate signatures for the Environmental Science Internship

### Procedure During the Internship

- The student will submit the signed Environmental Science Internship contract form within 2 weeks of the beginning of the semester
- The student will work as an intern for 12 weeks (at a minimum of 6 hours per week) on a specific project at their sponsoring agency
- The student will submit weekly journal entries to the Environmental Science Internship Coordinator through Brightspace
- The student will complete and submit a final project that should benefit the host organization at the end of the term (an appropriate format will be determined by the student, supervisor at the placement, and the Environmental Science Internship Coordinator)

## University Policies and Statements

### Recognition of Mi'kmaq Territory

Dalhousie University would like to acknowledge that the University is on Traditional Mi'kmaq Territory. The Elders in Residence program provides students with access to First Nations elders for guidance, counsel, and support. Visit or e-mail the Indigenous Student Centre at 1321 Edward St or [elders@dal.ca](mailto:elders@dal.ca). Additional information regarding Mi'kmaq and Indigenous Relations (including the Elders in Residence program, Land Acknowledgements, Understanding Our Roots, and much more) can be found at: <https://www.dal.ca/about/mission-vision-values/mikmaq-indigenous-relations.html>

### Internationalization

At Dalhousie, 'thinking and acting globally' enhances the quality and impact of education, supporting learning that is "interdisciplinary, cross-cultural, global in reach, and orientated toward solving problems that extend across national borders." Additional internationalization information can be found at: <https://www.dal.ca/about/mission-vision-values/global-relations.html>

### Academic Integrity

At Dalhousie University, we are guided in all our work by the values of academic integrity: honesty, trust, fairness, responsibility, and respect. As a student, you are required to demonstrate these values in all the work you do. The University provides policies and procedures that every member of the university community is required to follow to ensure academic integrity. Additional academic integrity information can be found at: [https://www.dal.ca/dept/university\\_secretariat/academic-integrity.html](https://www.dal.ca/dept/university_secretariat/academic-integrity.html)

### Accessibility

The Student Accessibility Centre is Dalhousie's centre of expertise for matters related to student accessibility and accommodation. If there are aspects of the design, instruction, and/or experiences within this course (online or in-person) that result in barriers to your inclusion, please contact the Student Accessibility Centre ([https://www.dal.ca/campus\\_life/academic-support/accessibility.html](https://www.dal.ca/campus_life/academic-support/accessibility.html)) for all courses offered by Dalhousie with the exception of Truro. For courses offered by the Faculty of Agriculture, please contact the Student Success Centre in Truro ([https://www.dal.ca/campus\\_life/ssc.html](https://www.dal.ca/campus_life/ssc.html)).

### Conduct in the Classroom – Culture of Respect

Substantial and constructive dialogue on challenging issues is an important part of academic inquiry and exchange. It requires willingness to listen and tolerance of opposing points of view. Consideration of individual differences and alternative viewpoints is required of all class members, towards each other, towards instructors, and towards guest speakers. While expressions of differing perspectives are welcome and encouraged, the words and language used should remain within acceptable bounds of civility and respect.

## **Diversity and Inclusion – Culture of Respect**

Every person at Dalhousie has a right to be respected and safe. We believe inclusiveness is fundamental to education. We stand for equality. Dalhousie is strengthened in our diversity. We are a respectful and inclusive community. We are committed to being a place where everyone feels welcome and supported, which is why our Strategic Direction prioritizes fostering a culture of diversity and inclusiveness (Strategic Priority 5.2). Additional diversity and inclusion information can be found at: <https://www.dal.ca/about/mission-vision-values/equity-diversity-inclusion-and-accessibility/about-office-equity-inclusion.html>

## **Student Code of Conduct**

Everyone at Dalhousie is expected to treat others with dignity and respect. The Code of Student Conduct allows Dalhousie to take disciplinary action if students don't follow this community expectation. When appropriate, violations of the code can be resolved in a reasonable and informal manner - perhaps through a restorative justice process. If an informal resolution can't be reached, or would be inappropriate, procedures exist for formal dispute resolution. The full Code of Student Conduct can be found at: <https://www.dal.ca/content/dam/www/about/leadership-and-governance/governing-bodies/code-student-conduct.pdf>

## **Fair Dealing Policy**

The Dalhousie University Fair Dealing Policy provides guidance for the limited use of copyright protected material without the risk of infringement and without having to seek the permission of copyright owners. It is intended to provide a balance between the rights of creators and the rights of users at Dalhousie. Additional information regarding the Fair Dealing Policy can be found at: <https://www.dal.ca/content/dam/www/about/leadership-and-governance/university-policies/fair-dealing-policy.pdf>

## **Student Use of Course Materials**

Course materials are designed for use as part of this course at Dalhousie University and are the property of the instructor unless otherwise stated. Third party copyrighted materials (such as books, journal articles, music, videos, etc.) have either been licensed for use in this course or fall under an exception or limitation in Canadian Copyright law. Copying this course material for distribution (e.g. uploading to a commercial third-party website) may lead to a violation of Copyright law.
