# ENCOURAGING VACCINE CONFIDENCE

## Grades 4-12

A collaboration between Imhotep's Legacy Academy (ILA), Promoting Leadership in Health for African Nova Scotians (PLANS), the Health Association of African Canadians (HAAC) and the Canadian Centre for Vaccinology (CCFV)

Activities educate youth on:

- what viruses are;
- how vaccines work;
- why we wear a mask and hand sanitize;
- key terms such as herd immunity.

The activity plans are available to teachers and community members province-wide for use in education.
