

Welcome to the Mathematics & Statistics Learning Centre!

To take full advantage of your time with the Teaching Assistant (TA), please have all your previous work on the problem ready to show or your notes open to the topic. The TA will help you from there. Please note: the TA will not solve your problem or check your assignment for you but, instead, will help guide you in the right direction so that you can do your assignment.

If you have any questions or concerns, please contact the Learning Centre director, Dr. Sarah Chisholm, at sarahchisholm@dal.ca, or in Chase 122.
