MATH 3032 Topics in Abstract Algebra
Winter 2020

Instructor:  Professor Sara Faridi  (faridi@mathstat.dal.ca)
Office: Chase 314
Lectures: Tuesdays & Thursdays 10:05 am -- 11:25 am Chase 319
Office Hours: Mondays 1:30 – 2:30 pm & Tuesdays 8:30 – 9:30 am in Chase 314
Website: http://mathstat.dal.ca/~faridi/3032

Course Description: Rings, fields, integral domains, Fermat's theorem, Euler's theorem, ideals, quotient rings, prime and maximal ideals, factorization of polynomials, Groebner bases, Unique Factorization Domains, Euclidean Domains and Gaussian integers. If time allows, extra topics may include elementary algebraic geometry, commutative algebra and simplicial homology.

Course Prerequisites: MATH 3031

Required Course Material: “A First Course in Abstract Algebra” by Fraleigh (seventh edition) is the main text book. “Algebra” by Michael Artin and “Abstract Algebra”, by Dummit & Foote are both excellent companion books and will occasionally be used as supplements. These are not required for the course, but make good extra (and more advanced) reading.

Course Content: We will be covering chapters 4, 5, 9 of the text supplemented with some extra topics, and possibly also Chapter 8.

Course Assessment: Component  Weight (% of final grade)  Date
Midterm exam  25%  Tuesday March 3, in class
Final exam  50%  TBD
Assignments  25%  Weekly or biweekly

Course Policies: Homework will be assigned at the end of each topic. All or some problems on each assignment will be graded. Homework is due at the beginning of class. Late homework counts as zero, but at the end of the term the two lowest homework grades for each student will be dropped. You may work in groups on problems, but the written work that is handed to me should be written by each student individually. In particular, I do not accept work that is too similar to another person's.

Practice problems may be assigned during some classes. Students are expected to think about these problems and participate in discussions about them. A missed exam counts as zero unless a doctor's note is presented or prior arrangements have been made with me. Calculators, textbooks, and notes are not allowed in exams.

Conversion of numerical grades to Final Letter Grades follows the Dalhousie Common Grade Scale

University Policies and Statements

This course is governed by the academic rules and regulations set forth in the University Calendar and by Senate

Academic Integrity
At Dalhousie University, we are guided in all of our work by the values of academic integrity: honesty, trust, fairness, responsibility and respect (The Center for Academic Integrity, Duke University, 1999). As a student, you are required to demonstrate these values in all of the work you do. The University provides policies and procedures that every member of the university community is required to follow to ensure academic integrity.

Information: [https://www.dal.ca/dept/university_secretariat/academic-integrity.html](https://www.dal.ca/dept/university_secretariat/academic-integrity.html)

Accessibility
The Advising and Access Services Centre is Dalhousie's centre of expertise for student accessibility and accommodation. The advising team works with students who request accommodation as a result of a disability, religious obligation, or any barrier related to any other characteristic protected under Human Rights legislation (Canada and Nova Scotia).

Information: [https://www.dal.ca/campus_life/academic-support/accessibility.html](https://www.dal.ca/campus_life/academic-support/accessibility.html)

Student Code of Conduct
Everyone at Dalhousie is expected to treat others with dignity and respect. The Code of Student Conduct allows Dalhousie to take disciplinary action if students don’t follow this community expectation. When appropriate, violations of the code can be resolved in a reasonable and informal manner—perhaps through a restorative justice process. If an informal resolution can’t be reached, or would be inappropriate, procedures exist for formal dispute resolution.

Diversity and Inclusion – Culture of Respect
Every person at Dalhousie has a right to be respected and safe. We believe inclusiveness is fundamental to education. We stand for equality. Dalhousie is strengthened in our diversity. We are a respectful and inclusive community. We are committed to being a place where everyone feels welcome and supported, which is why our Strategic Direction prioritizes fostering a culture of diversity and inclusiveness

Statement: [http://www.dal.ca/cultureofrespect.html](http://www.dal.ca/cultureofrespect.html)

Recognition of Mi’kmaq Territory
Dalhousie University would like to acknowledge that the University is on Traditional Mi’kmaq Territory. The Elders in Residence program provides students with access to First Nations elders for guidance, counsel and support. Visit or e-mail the Indigenous Student Centre (1321 Edward St) (elders@dal.ca).
