

Medical Sciences Humanities Elective Platform

These electives have been chosen as complementary to the Medical Sciences program and might be of special interest to you, but remember that any class offered at Dalhousie can be an elective.

Some courses appear in both the Humanities list and the Social Sciences list because they qualify as both. However, you cannot use one course to fulfill both a humanities requirement and a social sciences requirement.

WR – fulfills the writing requirement

PWR – partially fulfills the writing requirement

* Any two of these ENGL courses will fulfill the Writing requirement

**Any two of these HIST courses will fulfill the Writing requirement

***Pre-requisites needed
