

MARINE AFFAIRS PROGRAM

Master of Marine Management (MMM)

The Marine Affairs Program offers professional education at the graduate level for coastal and ocean managers. The Master of Marine Management (MMM) degree is of interest to students with a strong academic record who: are planning a career in marine management, considering marine affairs in the public and private sectors, aspiring to commence or strengthen their academic or teaching careers, and community organisers wishing to enhance their education and understanding in order to benefit their communities.

DAL.CA

Why study Marine Affairs at Dalhousie?

RESEARCH STRENGTHS

- Employment of an interdisciplinary approach
- Drawing on strengths extant in five faculties
- Addressing real-world problems in real time
- Ecosystem-based approaches to marine management
- Sustainable management of living marine resources
- Marine spatial planning
- Coastal zone management
- Indigenous and local coastal knowledge
- Geospatial and multimedia representation of environmental and geographic knowledge
- Economic ecological valuations

POTENTIAL CAREERS

- Public and private sector management
- Marine conservation
- Coastal planning
- Public service
- Public policy
- Community organizing
- Ocean law and governance
- Research and education
