SCHOOL/CORE – this category refers to courses that are taken by Kinesiology students and other students in the School of Health and Human Performance.

***IPHE 4900 – INTERPROFESSIONAL HEALTH EDUCATION PORTFOLIO**

Students in the Faculty of Health Professions must register for IPHE 4900 each term while registered in their respective degree program. This is a non-credit requirement that has no course fee. Students will take part in interprofessional collaborative learning experiences that will be outlined by the School each year. For more information, see <http://www.dal.ca/faculty/interprofessional-health-education/students/program-requirements.html>.

OTHER REQUIRED: These are courses that are required for the degree but are offered through Faculties outside of the School of Health and Human Performance/Faculty of Health.

KINESIOLOGY: These courses are offered within the Kinesiology division and are primarily restricted to Kinesiology students. The list below is not necessarily a complete list so students should always **consult the timetable for the most up to date list of offerings each year** - not all courses listed below are offered every year.

† - Students will select 21 credit hours of Kinesiology electives in total and 6 credit hours (those marked with †) must be 4000 level. The other 15 credit hours can be either 3000 or 4000 level. Please keep pre-requisites in mind when planning for your KINE electives. Ensure that you are aware of the pre-requisites for the courses you wish to take so you can plan to complete the pre-requisite courses the year prior.
