

RESEARCH DISSEMINATION GRANT

Application Format: Please submit a **single PDF file** by email to Julie.barry@dal.ca

Research Dissemination Grants are awarded to individuals with an active or completed research project to support the exchange of knowledge among nurses and other health professionals. Research Dissemination Grants are primarily intended to support local, national and international intellectual discourse related to significant issues relevant to the enhancement of research-based nursing practice, education and administration. Grants support dissemination activities including but not limited to (1) applicants presenting their research at a professional/educational conference or another knowledge translation (KT) event or (2) students travelling to consult with relevant academic advisors.

1. APPLICANT INFORMATION

Surname

Given Name

Middle Name

Dalhousie Faculty, Adjunct Faculty or Graduate Students/Post-doctoral Fellows

Margaret Inglis Hagerman Nursing Research Fund Dissemination Grant is open to registered nurses enrolled in graduate studies or postdoctoral fellowships at the School of Nursing, Dalhousie University.

Born in Nova Scotia's Annapolis Valley, Margaret Inglis Hagerman began her career by graduating in nursing from the Halifax Children's Hospital. She later attended Dalhousie University School of Nursing and graduated with a diploma in nursing education. Subsequently she graduated from McGill University with a Bachelor of Nursing degree with a major in Nursing Administration. Her post-graduate studies in Hospital Administration were undertaken at the University of Toronto.
