First-Year Bachelor of Science (Recreation)- Therapeutic Recreation Course Planning Worksheet

2019-2020 Academic Year

The guide below can be used to assist you with your first-year course selection. Use the table below, the [academic timetable](#) and the schedule worksheet to build your schedule. It is recommended you schedule your required courses first, and then choose your electives based on your interests and future goals. The Course Planning Worksheet is meant as a reflective tool to plan out your courses. For complete program requirements, see the Dalhousie Academic Calendar at www.dal.ca/calendar or ask your advisor.

***Open Elective:** This can be any course of your choice for which you are permitted to register. You may choose to move one open elective to the fall term, but to do so, you would have to move ANAT 1010.03 to the winter term. The only option for ANAT 1010.03 in the winter term is delivered via distance (online).

**** IPHE 4900:** You will register for this as a course although you will not actually attend a lecture each Tuesday/Thursday as noted in the timetable. Do not be concerned with any time conflicts that show between IPHE 4900 and your other courses. Students must register in IPHE 4900 (section 02) every term.

TRANSFER STUDENTS:

Transfer students or any student with questions/concerns should contact a Health and Human Performance Advisor for course selection assistance (see contact details belows).
