Affairs**  
PROGRAM

# **CALL FOR ABSTRACTS**

**DEADLINE MARCH 9<sup>TH</sup>, 2014**

**Dalhousie University and the Marine Affairs Program** are pleased to announce the **2014 Sustainable Oceans Conference**

## ***Transforming a Sea of Knowledge into Effective Management***

This student-led conference aims to transform and incorporate knowledge systems into effective management and policy for sustainable oceans. *This annual event is made possible through the **Sobey Fund for Oceans**, a generous gift by Donald R. Sobey. The Fund is a unique partnership formed between the Marine Affairs Program (MAP), Dalhousie University and WWF-Canada; a leader in marine conservation.*

**Students are encouraged to share their voices in these important discussions by submitting abstracts for posters and oral presentations under the following themes:**

- Sustainability & Knowledge Systems;
- Marine Governance, Policy & Law;
- Communication Between & Among Stakeholders & Policy Makers;
- Addressing Uncertainty in the Marine Environment.

**Benefits of Participating:** Great networking opportunities | Skill & Resume building | Monetary awards available | Papers will be published in *MAP Technical Series*.

**For more information & abstract submission details email: [OceansConf@dal.ca](mailto:OceansConf@dal.ca)**
