**Q12: Existing Loans / Debt Amounts** Please include debt / loans you have incurred for the purpose of obtaining your post-secondary education. It is expected that students indicating financial need will have accessed all available student loans, private/personal loans or personal lines of credit. Enter amounts as of 31 AUGUST 2023. Include the interest rate you will incur in 2023/24 (if interest is not being incurred please enter "0"). If you have paid the first installment of your tuition to Dalhousie University before 31 August 2023, using funds drawn from one of the instruments below, deduct the amount of that payment from the outstanding balance of the appropriate instrument (that was used to pay the tuition amount). If you have more than one loan that falls into a category below, add them together and provide the total (provide supporting documentation for each loan). For an "approved limit", enter the credit limit that is available for this academic year. All fields are mandatory. If you do not have a debt instrument in a category, enter "0". Round amounts entered to the nearest dollar. Personal Loans are loans from a financial institution (do not include debt incurred to purchase assets such as vehicles or property). Private Loans are loans from an individual (i.e. family or friend). Personal Line of Credit are credit lines from a financial institution. Credit Cards are purchasing cards from a financial institution (may include store-specific cards). Prior Provincial and/or Canada Student Loans are loans for prior years in each category, not including the assessed amount for the current 2023/24 year or government student grants (these amounts are included under the Resource section on the next page). If your province combines Federal and Provincial loans, enter amount under Provincial. Select your Province of Residence according to the rules for residency set by student aid authorities. **NOTE:** The total value of your accumulated debt will not be considered when calculating Current Financial Need (expenses - resources), however it may be considered when comparing the overall financial need of one applicant to another; with the exception of annual interest expense, which is factored into calculating total expenses.
