

2ND ANNUAL MEINHARD DOELLE LEGACY LECTURE

“Fostering Sustainability Takes a Village:
The Collaborative, Relational, Future-Oriented
Potential of Impact Assessment”

**Anna Johnston, BA, LLM, Public Interest Environmental
Lawyer, West Coast Environmental Law**

Anna Johnston, BA, LLM, is a public interest environmental lawyer at West Coast Environmental Law, where her work focuses on environmental impact assessment, cumulative effects, and constitutional, biodiversity and climate law. She is a member of the Minister’s Advisory Council on Impact Assessment, co-chairs the Environmental Planning and Assessment Caucus of the Canadian Environmental Network, and has authored numerous reports, papers and book chapters on impact assessment and the constitutional division of powers. She has appeared before superior and appellate courts in BC and Alberta, as well as the Supreme Court of Canada.

Co-sponsored by:
