

Kellogg, Killam, and Sexton Libraries Cancellation Lists

November 5, 2013

In most cases the print copy of the journal has been cancelled and access is still available via an electronic option. Whenever possible the electronic access is through a stable, full-text option which has been purchased in perpetuity by the libraries. Please check with your subject specialist if you have any questions in this regard.

If electronic copies are not available, the item may be available through document delivery.

NOTE: This document will be updated again as the Libraries access the additional funding provided by the University and restore some of the cancelled items.

Journals still available in electronic form

Library	Title
Kellogg	Aging clinical & experimental research
Kellogg	Alberta RN (formerly AARN newsletter)
Kellogg	American journal of health behavior
