

Student Agreement for Course-based Projects Undergoing Ethics Review

Instructors must obtain this signed agreement from students. Students must not contact participants until they have submitted this agreement to the instructor. This agreement must be submitted to the REO as a component of the Ethics Application.

I, _____ (*print full name*) acknowledge that:

- ✓ I understand the requirements of the Faculty of Management Ethics Review Policy for Course based Projects involving human participants as documented in the Tri-County Policy Statement (TCPS2), and I understand that my instructor and the Research Ethics Officer are available to answer any questions I may have about the ethical conduct of this research.
- ✓ I agree to act in accordance with the Faculty of Management Ethics Review Policy for Course-based Projects, TCPS2 and course requirements for the project.
- ✓ I agree to notify the instructor and Research Ethics Officer immediately if a problematic or adverse event occurs in the conduct of the assignment or if data analysis or other review reveals undesirable outcomes for the participant(s).
- ✓ I will destroy all raw, primary data collected in the course of this project within one year of receiving my final grade for this course.
- ✓ I agree to protect the identities of all participants in this project. This means that I will ensure that only research team members have access to raw data and that no participant will be identifiable in any report, presentation or publication unless their prior consent has been given.
