

The Opportunity

Uniting excellent graduate training with industry and government, OGEN builds a unique research nexus, poised to shape the future of ocean research in Canada and beyond.

Research Beyond Academia

- ✘ Research to support societal needs
- ✘ Training at sea and with industry and government partners
- ✘ Training in communicating research benefits to non-academic stakeholders

Full-Spectrum Experience

- ✘ Cross-university collaboration
- ✘ Internships
- ✘ Indigenous cultural awareness training
- ✘ Practical skills training
- ✘ Seminar series, workshops, and summer schools
- ✘ Multi-disciplinary opportunities
- ✘ Entrepreneurship training

Extraordinary Opportunity

- ✘ Community of dynamic world-class researchers and universities
- ✘ Skill sets to apply knowledge to industry, government, NGOs, and academia
- ✘ Fully funded PhDs and additional support for Masters

OGEN re-imagines and amplifies the impact of our partner universities' degree programs, unlocking novel career opportunities.

OGEN is sponsored by the Ocean Frontier Institute

One Ocean → Understanding Change → Seeking Solutions
