## FUNDING OPPORTUNITIES

From December 16, 2021 to January 31, 2022

- [Women RISE: Research to support women's health and economic empowerment for an equitable COVID-19 recovery](#)
- [Operating Grant: Canadian Pediatric COVID-19 Research Platform](#)
- [Catalyst Grant: HIV/AIDS and STBBI Community-Based Research](#)
- [Operating Grant: HIV/AIDS and STBBI Community-Based Research](#)
- [Operating Grant: Healthy Cities Research Initiative Data Analysis Using Existing Databases and Cohorts](#)
- [Catalyst Grant: CPHO's Report 2021: Future of Public Health](#)
- [Operating Grant: 14th JPIAMR transnational call for research projects \(2022\)](#)
- [Catalyst Grant: Crisis Line and App-based Support for Public Safety](#)
- [Team Grant: E-Rare-6 Joint Transnational Call](#)
- [Operating Grant: Examining the Impacts of the COVID-19 Pandemic Response on Health and Functioning of Canadian Children and Youth Supplement](#)

### Pre-announcement

- [Mental Health in the Early Years Implementation Science Team Grants](#)
- [Project Grant: Spring 2022 Priority Announcement \(Specific Research Areas\)](#)

View these opportunities in the [CIHR Funding Opportunity Database](#).

## GOVERNMENT OF CANADA BACKS MORE THAN 5,500 TRAILBLAZING CANADIAN RESEARCHERS

On January 12, the Government of Canada [announced](#) a major investment of over \$550 million to support Canada's science and research sector as part of its 2020 and 2021 competitions. This includes funding for:

- [New Frontiers in Research Fund \(NFRF\) Transformation Stream](#)
- [Canada Research Chairs Program](#)
- [Tri-agency scholarships and fellowships programs](#)

Canadian researchers foster the kind of innovation Canada needs to drive our economy and keep us globally competitive.

---

## INTRODUCING THE RESPONSIBLE CONDUCT OF RESEARCH FRAMEWORK (2021)

The Canadian Institutes of Health Research (CIHR), the Natural Sciences and Engineering Research Council of Canada (NSERC), and the Social Sciences and Humanities Research Council of Canada (SSHRC) are pleased to announce the release of the [Tri-Agency Framework: Responsible Conduct of Research \(2021\)](#). The RCR Framework (2021) replaces the 2016 version as the official responsible conduct of research policy of the three federal research funding agencies.

## NOMINATE AN OUTSTANDING BLOOD AND BLOOD VESSEL SCIENTIST

The CIHR Institute of Circulatory and Respiratory Health (CIHR-ICRH) and the Canadian Society of Atherosclerosis, Thrombosis and Vascular Biology (CSATVB) have partnered on two awards that recognize an individual's outstanding contribution to the advancement of blood and/or blood vessel sciences both in Canada and internationally.

Nominate a [mid-career scientist](#) or [senior scientist](#) by **February 28, 2022**.

---

## RESEARCH SUPPORT FUND

*Did you know that your primary Institutional affiliation is central to the calculation of the Research Support Fund (RSF) credit breakdown?*

The institution listed as the Primary Record in your Canadian Common CV (CCV)'s Affiliations section is a critical piece of information that is used to calculate [Research Support Fund](#) grant credit shares for the program.

As always, your primary Institutional affiliation, as recorded in CIHR's database, can be confirmed and updated as required, at any time, by contacting CIHR's [Contact Centre](#).
