

2023 SICKKIDS RESEARCH INTEGRITY SYMPOSIUM

Barriers to replicating preclinical cancer biology research - challenges or opportunities?

Dr. Tim Errington, Ph.D

Senior Director of Research, Center for Open Science

Wednesday, May 17, 2023 12:00- 1:30PM

Dr. Errington conducts and collaborates with researchers and stakeholders across scientific disciplines and organizations on metascience projects aimed to understand the current research process and to evaluate initiatives designed to increase reproducibility and openness of scientific research.
