

UCL Centre for
Behaviour Change

Behaviour Change: Principles and Practice

North American Summer School

17-20 June 2019 // Halifax, NS, Canada

This four-day course will introduce you to **the principles of behaviour change and how these can be applied to practical problems in your own area of interest.**

It's aimed at everyone interested in behaviour change - from researchers, practitioners and intervention designers to managers and policy makers.

This course aims to give you:

- a greater understanding of the possibilities for applying behaviour change interventions to your own situation
- a practical framework for developing, implementing and evaluating these interventions in your area of interest

This course is being offered by UCL Centre for Behaviour Change (CBC), in partnership with:

CENTRE FOR
TRANSFORMATIVE
NURSING AND
HEALTH RESEARCH

CHANGING
MORE LIVES,
MORE WAYS

Fees vary depending on sector/business size:

- Universities and charities - 1700 CAD / £968
- Public sector and medium sized organisations - 2159 CAD / £1230
- Large organisations (250+ employees) - 3077 CAD / £1752

Please note that payment must be made in Pound sterling (GBP). We recommend that you check with your banking provider about any additional fees.

Course Team

Dr Paul Chadwick

Paul is the Deputy Director for the UCL Centre for Behaviour Change and Clinical Director of MEND Central Ltd, the world's largest provider of community weight management programmes.

Dr Fabiana Lorencatto

Fabiana is the Research Lead at the UCL Centre for Behaviour Change, and an honorary Research Fellow at the Centre for Health Services Research, City University of London.

Dr Janet Curran

Janet is a Clinician Scientist in Pediatrics and Emergency Care at the IWK Health Centre and an Associate Professor in the School of Nursing at Dalhousie University.

Dr Christine Cassidy

Christine is a CIHR Health System Impact Postdoctoral Fellow at the IWK Health Centre and University of Ottawa.

Dr Andrea Bishop

Andrea is Policy Development and Research Manager at the Nova Scotia College of Pharmacists (NSCP) and she completed a postdoctoral fellowship in implementation science at the IWK Health Centre.
