

## Theme Leader Nominations Open

We are accepting nominations for **Theme Leaders**. Theme Leaders will be members of the CanCOVID Management Committee. They will be responsible for building the CanCOVID research community, identifying key areas for research and supporting the development of multidisciplinary collaborations, and facilitating knowledge transfer and exchange. They will coordinate responses to governmental inquiries based on the latest research developments that involve their theme areas. The CanCOVID Secretariat will provide support to the Theme Leaders to accomplish these tasks.

[Read the full description here](#)

If interested or interested in nominating a potential Theme Leader, please send an inquiry and accompanying CV to Network Scientific Advisor Vivek Goel at [info@cancovid.ca](mailto:info@cancovid.ca)

Please submit as soon as possible, preferably by October 1.
