

SUMMER LEARNING SERIES

SESSION 2: Preparing for the Post-COVID World Using Primary Care Data

Presenter: Dr. Andrew Pinto, Public Health and Preventive Medicine Specialist and Family Physician at St. Michael's Hospital

Discussion Panel Members:

- Kylie Peacock – Patient Partner
- Matt Holland – Manager, Planning and Development, NSHA Primary Health Care and Chronic Disease Management
- Other Panelists TBA

COVID-19 disruption to primary care has created numerous gaps, leaving patients uncertain about future care. Frontline primary care providers and health system decision makers are facing the challenge of how best to shape practice and policy to address this. Dr. Andrew Pinto and panelists will discuss how primary care data may be a valuable tool to appropriately prioritize and respond to patient needs as primary care systems emerge beyond the peak of the pandemic.

June 23rd, 2020

11AM-1PM EST (12PM-2PM ADT)
