How to Move In:

1. Drive into Horseshoe Crescent at your scheduled move-in time. Follow signage. There will be volunteers to help guide you.
2. **Go directly to the residence building you've been assigned to** at your scheduled move in time. Please bring your move-in helpers. You will receive your room keys and sign any outstanding paperwork. If you are New to Dal, you can pick up your DalCard when you check in. Staff will be available to help direct you to your room. Residence Life staff will inspect your room.
3. **Move your vehicle.** There is limited space in front of each building. Once your vehicle is unpacked, please move it to the large parking lot located on the backside of Chapman House. Do not block the flow of traffic with your vehicle, these are emergency vehicle lanes. If you have brought your own vehicle to campus, please note overnight parking is located behind Chapman House.
4. Any online orders you've made before you arrived can be picked up from the Residence Office, located in Fraser House (10 Horseshoe Crst.). To make sure you are only bringing allowed items to residence, please check [What to Bring to Residence](#).
5. Returning students can pick up belongings from storage. Staff will be able to assist with opening the storage rooms.
