DALHOUSIE UNIVERSITY

SCHOOL OF PHYSIOTHERAPY

SCHOOL OF PHYSIOTHERAPY
MSc Rehabilitation Research Physiotherapy Program

Name: **Date:**

In the space below, please provide evidence of your past academic excellence, research potential, and personal characteristics and interpersonal skills that you feel support your application for graduate studies in the MSc Rehabilitation Research Program (maximum 400 words or 3,000 characters). Please use the Selection Criteria Table here to guide your response. These criteria will be used to rank applicants for funding purposes.

Supervisor-based questions:

1. Have you reached out to a potential supervisor?

☐Yes   ☐No

If you answered YES to question 1, please answer question 2 below. If you answered NO to question 1, please go to question 3.

2. Have they agreed to support your application?

☐Yes   ☐No

If the potential supervisor has agreed to support your application, please provide their name and signature. Please note that their support on your application does not mean that they have committed to being your supervisor.

Name: **Signature:**

3. If you have not received support from a supervisor, please list up to three potential supervisors in order of who you are interested in working with. Supervisor profiles can be found here.
