MIM Course Selection Guide

Recommended Core Courses to be taken as your first courses in the program:

Information People and Society; Organization of Information; Information Systems and Technologies and User Experience

Please note that it is also highly recommended that the Capstone course (MGMT 5020) be taken as close to the end of your program as possible, and Program Evaluation or Research Methods must be taken prior to the capstone.

Fall 2023	**Winter 2024**	**Spring/Summer 2024**
