

Collaborative Research in Primary Health Care
Presents

Primary Health Care Research Learning Commons

An opportunity for students and Post-Docs engaged in, or looking to engage in, primary health care research to learn about research opportunities. A panel of primary health care researchers will be available to answer your questions about starting your own research projects, building teams and more!

Wednesday, November 2
5 – 7 P.M.

Room C150, Collaborative Health Education Building

Pizza and light refreshments will be available.
