Dear Resident of HRM,

In an effort to better understand our transportation system and plan for its future, Halifax Regional Council adopted the Integrated Mobility Plan in December of 2017. As part of rolling out this plan we want to gain a better sense of how people move throughout our municipality and we have teamed up with the Dalhousie Collaboratory (DalTRAC) to get this valuable information.

As part of the enclosed package, you will find a series of questions that will help us learn more about how you get to where you need to go. I strongly encourage you to take a few minutes to fill out the survey and send it back to us. The information you and others in your community provide can help us ensure our planning efforts match the needs of our residents as our municipality grows.

Kindest regards,

Mike Savage  
Mayor
