

InteRACT

= Intensive Residential Aphasia Communication Therapy program

InteRACT

is a month long communication therapy program. It includes:

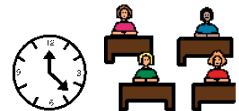

3 hours individual speech therapy

+

1 hour computer

+

1 hour group

Monday	Tuesday	Wednesday	Thursday	Friday
				

= 5 hours every day;

+

Group Physical Therapy exercise classes

+

Recreation Therapy to help you with old and new leisure activities

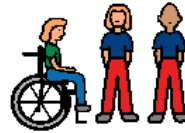

Each week we go into the community to practice activities.

is held in Halifax, Nova Scotia, Canada,

during the spring and summer.

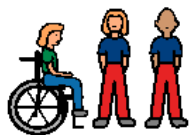

is for adults with all types of aphasia.

People attend with a communication partner (spouse, family member, or friend).

and go to therapy at Dalhousie University.

helps people with aphasia learn ways to communicate successfully.

We believe people with aphasia can live full, active, communicative lives.

Works!
