

# ***Pediatric Palliative Care IPHE Event***

**Pediatric palliative care** embodies a whole philosophy of care that focuses on enhancing the quality of life for children and their families living with progressive, life-threatening illnesses.

This Interprofessional Health Education opportunity will provide students from different professions an opportunity to learn about pediatric palliative care from an award winning video, the IWK Pediatric Palliative Care team and a family member who will share her personal story. This interactive evening event will include both large and small group interprofessional interaction.

This session addresses the following interprofessional competencies:

- interprofessional communication
- patient/client/family/community-centred care
- collaborative leadership

Date: November 7, 2013

Time: 1600-1900 hrs

Location: TBA
