

Honorable Minister of Agriculture Keith Colwell Visited Precision Agriculture Lab at Faculty of Agriculture, Dalhousie University

The Honorable Keith Colwell visited Precision Agriculture (PA) lab at Faculty of Agriculture, Dalhousie University. PA team led by Dr. Qamar Zaman warm welcomed him and briefed him about the mile stones achieved by the team. He was also briefed on the activities and research work in which PA team is involved currently. He acknowledged the achievements of the team in the area of precision agriculture and added that it will eventually contribute towards the benefit of the farmers and Nova Scotia economy.
